Download our text message software for your PC or Mac desktop.

### Two-Way SMS Chat

Send and receive text messages online using our two-way SMS chat.

### SMS Distribution Lists

Forward critical emails as text messages with SMS distribution lists.

## Getting Started with TextMagic Is so so Simple

You can get started in three easy steps. Create a **FREE** account, load prepaid credit and start sending and receiving texts.

### 1. Create a Free Account

Sign up for your free account to see for yourself how easy it is. Try all features and use free credit to send and receive messages almost anywhere in the world.

### 2. Load Prepaid Credit

When you're ready to send your first bulk message, use our simple prepaid credit payments to pay-as-you-go (no contracts, hidden costs or ongoing fees).

### 3. Send & Receive SMS

Send & receive SMS whenever you need to with our simple self-service interface. It's as simple as sending an email or SMS from your own phone.

## 100,000+ Happy Users Since 2001

Here is how three customers have improved their businesses with our text messaging service.

“ QiQ has used TextMagic for a year now. It is flexible in how we send and receive messages and it is cost-effective.

**Peter Harris**  
Managing Director

“ We have been using TextMagic for our SMS needs since 2012 and they have always provided a reliable and good value service.

**Thomas Lloyd**  
Director

“ TextMagic has helped our school District's HR department tremendously, we can't imagine going back to using standard email alone again!

**Lisa Bullington**  
HR Secretary
